ClearCaptions is an Internet Protocol Caption Telephone Service (IP CTS) provider that lets people whose hearing loss prevents them from using the phone SEE the words their callers say, at home and on their mobile devices.

As a health or in-home care provider, based on my patient's/client's hearing loss, I am recommending them for ClearCaptions IP CTS service. Please reach out to them directly.

FEDERAL LAW PROHIBITS ANYONE BUT REGISTERED USERS WITH HEARING LOSS FROM USING INTERNET PROTOCOL (IP) CAPTIONED TELEPHONES WITH THE CAPTIONS TURNED ON. IP Captioned Telephone Service may use a live operator. The operator generates captions of what the other party to the call says. These captions are then sent to your phone. There is a cost for each minute of captions generated, paid from a federally administered fund.

The submission of this form to ClearCaptions does not constitute any type of contractual and/or partner relationship between the provider/franchise and ClearCaptions.
